SENATE  
Amended 2nd Reading  
February 24, 2015

The bill defines "kin", "kinship foster care home", "noncertified kinship care", and "informal kinship care". "Kin" is a relative or a person who has a family-like relationship or significant relationship with a child. A "kinship foster care home" is a foster care home certified by a county department or licensed child placement agency where the foster care is provided by kin and the kin is eligible for foster care reimbursement. "Noncertified kinship care" is where care of the child is provided by a relative or kin who has not met the foster care certification requirements for a kinship foster care home or has chosen not to pursue certification and the relative or kin is not eligible for foster care reimbursement but may apply for temporary aid to needy families. "Informal kinship care" is an arrangement made within the family or with friends to care for a child in cases that do not involve child welfare services or foster care. The bill revises the definition of "foster care" to clarify that it includes a kinship foster care home and does not include informal kinship care or noncertified kinship care.

The bill revises the definition of "county department" to reflect that county departments are referred to as county departments of human or social services. The bill repeals the definition of salaried foster parent related to a pilot program repealed in 2009.

A county department or child placement agency shall not certify or recertify a foster care home until a thorough background check is performed on the applicant or any person residing with the applicant to determine whether he or she has been convicted of certain specified crimes, is a registered sex offender in the state's sex offender registry, has been identified as having been directly involved in a confirmed report of child abuse or neglect through a check of the automated TRAILS system, or has been determined by a court to be insane or mentally incompetent. While some of these requirements are in existing law, the bill consolidates the requirements into one place. The requirement to check the applicant and any person residing with the applicant against the state's sex offender registry is a new requirement. The bill requires that the background checks be performed for any adult residing in the foster care home, not just those who reside in the home and are acting as a caregiver for the child.

The bill requires that the county department or child placement agency perform and document that the following 5 types of background checks have been performed of the applicant or any adult residing in the foster care home prior to placing a child in a foster care home:

- ! A fingerprint-based criminal history record check with the CBI;
- ! A fingerprint-based criminal history record check with the FBI;
- ! A comparison check of the criminal history record on the ICON system at the state judicial department or any other

source;

- ! A check that the individual is not a registered sex offender on the state's sex offender registry; and
- ! A check through the TRAILS system that the individual has not been found to have been directly involved in a confirmed report of child abuse or neglect.

The bill requires the county department to perform the same 5 types of background checks that are required for a certification for a foster care home prior to placing a child in a home with a relative or kin in noncertified kinship care. This requirement does not apply to informal kinship care, which does not involve child welfare services or foster care.

The state board of human services (state board) shall adopt rules governing the background checks and documentation for foster care homes and for persons providing noncertified kinship care and concerning what the county department or child placement agency must do if the background checks expose a negative history. The rules must also specify sanctions that the state department may place upon a county department or child placement agency that fails to perform or document background checks for foster care homes or for persons providing noncertified kinship care. The bill locates the rule-making provisions relating to foster care homes in one place. The rules do not apply to informal kinship care.

Under current law, when a child is taken into temporary custody by a local law enforcement agency and placed in an emergency placement with a relative, a county department may elect to collaborate with the local law enforcement agency to conduct an initial criminal history record check prior to placing the child in temporary custody followed by a requirement that the relative self-report to a local law enforcement agency within a certain number of days for a fingerprint-based criminal history record check. The bill amends this provision to mandate that the county department must request that the local law enforcement agency perform the initial criminal history record check prior to placing the child in temporary custody with the relative and perform a fingerprint-based criminal history record check to determine if the child may remain in that placement. The bill imposes a requirement upon the county department to confirm within 15 days that the relative has self-reported to a law enforcement agency to obtain a fingerprint-based criminal history record check and, if the relative is found to have committed certain crimes, the county department or law enforcement agency must remove the child from the relative's care. The bill requires the county department to conduct other background checks of the relative and any person residing with the relative and to remove the child from the relative's care if any negative history is found from those checks.

The bill directs the court to inquire whether there is documentation that a foster care provider or family member who is seeking to care for a

child and any person residing with the foster care provider or family member have had the required 5 types of background checks when a child is in out-of-home placement and the court is placing a child in the legal custody of a family member or, after termination of the parent-child legal relationship, when the court is placing the child in the legal custody of a county department for placement in a foster care home, or when a family member requests that a child be placed with the family member.
