SECTION 3. [EFFECTIVE JULY 1, 2025]

GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY		
LEGISLATORS' SALARIES - HOUSE		
Total Operating Expense	9,377,541	9,377,541
HOUSE EXPENSES		
Total Operating Expense	12,481,813	12,481,813
LEGISLATORS' SALARIES - SENATE		
Total Operating Expense	2,565,000	2,660,000
SENATE EXPENSES		
Total Operating Expense	12,169,715	12,909,715

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Each member of the house is entitled, when authorized by the speaker of the house, to the legislative business per diem allowance for every day the member is engaged in official business. The speaker shall authorize the legislative business per diem allowance to be consistent with law and house rules.

Each member of the senate is entitled, when authorized by the president pro tempore of the senate, to the legislative business per diem allowance for every day the member is engaged in official business. The president pro tempore of the senate shall authorize the legislative business per diem allowance to be consistent with law and senate rules.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual

place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day the member is in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive: (1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives,

senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The state comptroller shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative solution. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

PUBLIC MASS TRANSPORTATION		
Total Operating Expense	45,000,000	45,000,000

The above appropriations are to be used solely for the promotion and development of public transportation.

The department of transportation may distribute public mass transportation funds to an eligible grantee that provides public transportation in Indiana.

The state funds can be used to match federal funds available under the Federal Transit Act (49 U.S.C. 5301 et seq.) or local funds from a requesting grantee.

Before funds may be disbursed to a grantee, the grantee must submit its request for financial assistance to the department of transportation for approval. Allocations must be approved by the governor and the budget agency and shall be made on a reimbursement basis. Only applications for capital and operating assistance may be approved. Only those grantees that have met the reporting requirements under IC 8-23-3 are eligible for assistance under this appropriation.

The distribution formula established by the department is subject to approval by

the budget director to ensure that a public mass transportation system located in a county other than an eligible county (as defined by IC 8-25-1-4) is not adversely affected by a public transportation project carried out under IC 8-25. This applies in a calendar year beginning after December 31 of a calendar year in which an eligible county begins to carry out a public transportation project approved under IC 8-25.

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than \$90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than \$85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the state comptroller shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is equal to \$100 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2025]

No payment for personal services shall be made by the state comptroller unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2025]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than \$10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2025]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the state general fund.

SECTION 19. [EFFECTIVE JULY 1, 2025]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property

sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2025]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 21. [EFFECTIVE JULY 1, 2025]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 22. [EFFECTIVE JULY 1, 2025]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 23. [EFFECTIVE JULY 1, 2025]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

(1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.
 (2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

(3) In the case of employees, it shall be shown that the major portion of the duties

assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SECTION 24. [EFFECTIVE JULY 1, 2025]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. The budget committee may hold hearings and take any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 25. [EFFECTIVE JULY 1, 2025]

Except as provided for under IC 4-12-18, the governor of the state of Indiana is solely authorized to accept on behalf of the state any and all federal funds available to the state of Indiana. Federal funds received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement, review, and approval of any grant, loan, or gift made by the federal government or any other source to the state or its agencies and political subdivisions shall apply, notwithstanding any other law.

SECTION 26. [EFFECTIVE JULY 1, 2025]

Except as provided for under IC 4-12-18, federal funds received as revenue by a state agency or department are not available to the agency or department for expenditure until allotment has been made by the budget agency under IC 4-12-1-12(d).

SECTION 27. [EFFECTIVE JULY 1, 2025]

A contract or an agreement for personal services or other services may not be entered into by any agency or department of state government without the approval

of the budget agency or the designee of the budget director.

SECTION 28. [EFFECTIVE JULY 1, 2025]

Except in those cases where a specific appropriation has been made to cover the payments for any of the following, the state comptroller shall transfer, from the personal services appropriations for each of the various agencies and departments, necessary payments for Social Security, public employees' retirement, health insurance, life insurance, and any other similar payments directed by the budget agency.

SECTION 29. [EFFECTIVE JULY 1, 2025]

SECTION 191. IC 20-43-10-3.5 IS REPEALED [EFFECTIVE JUNE 30, 2025]. Sec. 3.5. (a) As used in this section, "school" means a school corporation, charter school, and a virtual charter school.

(b) Subject to the requirements of this section, a school qualifies for a teacher appreciation grant as provided in this section for a state fiscal year if one (1) or more licensed teachers:

(1) employed in the classroom by the school; or

(2) directly providing virtual education;

were rated as effective or as highly effective, using the most recently completed teacher ratings.

(c) A school may not receive a teacher appreciation grant under this section unless:

(1) the school has in the state fiscal year in which the teacher appreciation grants are made under this section:

(A) adopted an annual policy concerning the distribution of teacher appreciation grants; and

(B) submitted the policy to the department for approval; and

The department shall specify the date by which a policy described in subdivision (1) must be submitted to the department.

(d) The amount of a teacher appreciation grant for a qualifying school corporation or virtual charter school is equal to:

(1) thirty-seven dollars and fifty-cents (\$37.50); multiplied by

(2) the school's current ADM.

However, the grant amount for a virtual charter school may not exceed the statewide average grant amount.

(e) The following apply to the distribution of teacher appreciation grants:

(1) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year exceeds the amount appropriated by the general assembly for teacher appreciation grants for that state fiscal year, the total amount to be distributed as teacher appreciation grants to schools shall be proportionately reduced so that the total reduction equals the amount of the excess. The amount of the reduction for a particular school is equal to the total amount of the excess multiplied by a fraction. The numerator of the fraction is the amount of the teacher appreciation grant that the school would have received if a reduction were not made under this section. The denominator of the fraction is the total amount that would be distributed as teacher appreciation grants to all schools if a reduction were not made under this section.

(2) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year is less than the amount appropriated by the general assembly for teacher appreciation grants for that state fiscal year, the total amount to be distributed as teacher appreciation grants to schools for that particular state fiscal year shall be proportionately increased so that the total amount to be distributed equals the amount of the appropriation for that particular state fiscal year.

(f) The annual teacher appreciation grant to which a school is entitled for a state fiscal year shall be distributed to the school before December 5 of that state fiscal year.

(g) The following apply to a school's policy under subsection (c) concerning the distribution of teacher appreciation grants:

(1) The governing body shall differentiate between a teacher rated as a highly effective teacher and a teacher rated as an effective teacher. The policy must provide that the amount of a stipend awarded to a teacher rated as a highly effective teacher must be at least twenty-five percent (25%) more than the amount of a stipend awarded to a teacher rated as an effective teacher.

(2) The governing body of a school may differentiate between school buildings.

(3) A stipend to an individual teacher in a particular year is not subject to collective bargaining and is in addition to the minimum salary or increases in salary set under IC 20-28-9-1.5. The governing body may provide that an amount not exceeding fifty percent (50%) of the amount of a stipend to an individual teacher in a particular state fiscal year becomes a permanent part of and increases the base salary of the teacher receiving the stipend for school years beginning after the state fiscal year in which the stipend is received. The addition to base salary is not subject to collective bargaining.

(h) A teacher appreciation grant received by a school shall be allocated among and used only to pay cash stipends to all licensed teachers employed in the classroom who are rated as effective or as highly effective and employed by the school as of December 1. A school may allocate up to twenty percent (20%) of the grant received by the school to provide a supplemental award to teachers with less than five (5) years of service who are rated as effective or as highly effective. A school may allocate up to teachers who serve as mentors to teachers who have less than two (2) years of service. The supplemental awards are in addition to the award made from the part of the grant that is allocated to all eligible teachers.

(i) The lead school corporation or interlocal cooperative administering a cooperative or other special education program or administering a career and technical education program, including programs managed under IC 20-26-10, IC 20-35-5, IC 20-37, or IC 36-1-7, shall award teacher appreciation grant stipends to and carry out the other responsibilities of an employing school corporation under this section for the teachers in the special education program or career and technical education program.

(j) A school shall distribute all stipends from a teacher appreciation grant to individual teachers within twenty (20) business days of the date the department distributes the teacher appreciation grant to the school. Any part of the teacher appreciation grant not distributed as stipends to teachers before February must be returned to the department on the earlier of the date set by the department or June 30 of that state fiscal year.

(k) The department, after review by the budget committee, may waive the December 5 deadline under subsection (f) to distribute an annual teacher appreciation grant to the school under this section for that state fiscal year and approve an extension of that deadline to a later date within that state fiscal year, if the department determines that a waiver and extension of the deadline are in the public interest.

(1) The state board may adopt rules under IC 4-22-2 as necessary to implement this section.

(m) This section expires June 30, 2025.
