12 guardian or a court order that includes action that must be taken to resolve the condition or conduct of the
13 parent or guardian that resulted in the need for protective services for the child. The treatment plan may involve
14 court services, the department, and other parties, if necessary, for protective services.

15 (35) (a) "Withholding of medically indicated treatment" means the failure to respond to an infant's
16 life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication,
17 that, in the treating physician's or physicians' reasonable medical judgment, will be most likely to be effective in
18 ameliorating or correcting the conditions.

19 (b) The term does not include the failure to provide treatment, other than appropriate nutrition,
20 hydration, or medication, to an infant when, in the treating physician's or physicians' reasonable medical
21 judgment:

22 (i) the infant is chronically and irreversibly comatose;

23 (ii) the provision of treatment would:

24 (A) merely prolong dying;

25 (B) not be effective in ameliorating or correcting all of the infant's life-threatening conditions; or

26 (C) otherwise be futile in terms of the survival of the infant; or

27 (iii) the provision of treatment would be virtually futile in terms of the survival of the infant and the
28 treatment itself under the circumstances would be inhumane. For purposes of this subsection (35), "infant"

1 means an infant less than 1 year of age or an infant 1 year of age or older who has been continuously
2 hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. The reference
3 to less than 1 year of age may not be construed to imply that treatment should be changed or discontinued
4 when an infant reaches 1 year of age or to affect or limit any existing protections available under state laws
5 regarding medical neglect of children 1 year of age or older.

6 (36) "Youth in need of care" means a youth who has been adjudicated or determined, after a
7 hearing, to be or to have been abused, neglected, or abandoned."
