Referred to Committee on Natural Resources, Agriculture, and Mining

SUMMARY—Revises provisions governing wildlife. (BDR 45-26)

FISCAL NOTE: Effect on Local Government: No.

Effect on the State: Yes.

EXPLANATION - Matter in bolded italics is new; matter between brackets formitted material is material to be omitted.

AN ACT relating to wildlife; revising the scope of certain regulations that the Board of Wildlife Commissioners is required to adopt; revising provisions relating to the registration and marking of traps, snares and similar devices used in the taking of wild mammals; revising provisions relating to the frequency of visits required for a trap, snare or device; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Board of Wildlife Commissioners to adopt regulations for the taking of antlers which have been naturally shed by a big game mammal in this State. (NRS 503.655) **Section 3** of this bill provides that those regulations only apply to the collection of such antlers for commercial purposes. **Section 3** also requires the Commission to ensure that the regulations do not adversely affect the taking of shed antlers by Nevada residents for noncommercial purposes.

Existing law requires: (1) each trap, snare or similar device used in the taking of wild mammals to be registered with the Department of Wildlife; and (2) each registered trap, snare or similar device to bear a number which is assigned by the Department and is affixed to the trap, snare or similar device in a manner specified by regulation adopted by the Commission. (NRS 503.452) Existing law requires the Commission to adopt regulations prescribing the frequency at which a person who sets or places a trap, snare or similar device is required to visit the trap, snare or similar device, which must be at least once every 96 hours. (NRS 503.570)

Those provisions of existing law were enacted by Senate Bill No. 213 of the 2013 Legislative Session. (Sections 3 and 5 of chapter 231, Statutes of Nevada 2013, pp. 1001 and 1002) **Sections 1 and 2** of this bill reverse certain changes made by Senate Bill No. 213. Specifically, **section 1** amends those provisions to authorize each trap, snare or similar device used in the taking of wild animals to: (1) bear a number registered with the Department of Wildlife; or (2) be

permanently marked with the name and address of the owner or trapper using it. **Section 1** also provides that if the trap is registered, the registration is permanent and requires the registrant to pay a one-time fee of \$10 at the time the first trap, snare or similar device is registered. **Section 2** of this bill requires each person who sets or places a trap, snare or any other device to visit those devices at least once every 96 hours.
