37 authorized in section 6 of this act must not be committed for  
38 expenditure after June 30, 2019, and must be reverted to the Bond  
39 Interest and Redemption Account in the Consolidated Bond Interest  
40 and Redemption Fund on or before September 20, 2019.

41 **Sec. 8.** 1. Except as otherwise provided in subsection 2, the  
42 State Board of Finance shall issue general obligation bonds of the  
43 State of Nevada in the face amount of not more than \$22,950,650  
44 for the project numbered and identified in the Executive Budget for  
45 the 2015-2017 biennium and otherwise described as Project 15-C04,

1 Construct New Department of Motor Vehicles Service Office, East  
2 Sahara Complex. The provisions of the State Securities Law, NRS  
3 349.150 to 349.364, inclusive, apply to the bonds authorized by this  
4 subsection.

5 2. The State Board of Finance shall not issue the bonds  
6 described in subsection 1 unless the Board determines that the  
7 money budgeted or to be budgeted pursuant to subsection 3 will be  
8 sufficient to pay the bond repayment costs of the bonds authorized  
9 by subsection 1. In making its determination under this subsection,  
10 the State Board of Finance shall be entitled to rely on a certification  
11 of the Director of the Office of Finance in the Office of the  
12 Governor that the money budgeted and to be budgeted pursuant to  
13 subsection 3 will be sufficient to pay the bond repayment costs of  
14 the bonds authorized by subsection 1. Any determination by the  
15 State Board of Finance under this subsection shall be conclusive. As  
16 used in this subsection, "bond repayment costs" means the principal  
17 of and interest on the bonds and any other costs related to the  
18 payment of the bonds or compliance with covenants made in  
19 connection with those bonds, as estimated by the State Treasurer.

20 3. The Legislature intends that 12.5 percent of the annual bond  
21 repayment costs of the bonds authorized by subsection 1, and any  
22 bonds directly or indirectly, through a series of refundings,  
23 refunding those bonds, will be paid from the Pollution Control  
24 Account created by NRS 445B.830, and 87.5 percent of those  
25 annual bond repayment costs will be paid from annually available  
26 money in the State Highway Fund. The Director of the Office of  
27 Finance in the Office of the Governor, the Director of the  
28 Department of Transportation and the Director of the Department of  
29 Motor Vehicles are hereby directed to budget for payment of such  
30 bond repayment costs from the sources and in the proportions stated  
31 in this subsection in each budget or other spending plan presented to  
32 the Legislature for the expenditure of amounts in the Pollution  
33 Control Account created by NRS 445B.830 and the State Highway  
34 Fund after the effective date of this section until the bonds  
35 authorized by subsection 1 and any bonds directly or indirectly  
36 refunding those bonds are no longer outstanding. The money so  
37 budgeted to pay the annual bond repayment costs of the bonds  
38 authorized by subsection 1, and any bonds directly or indirectly,  
39 through a series of refundings, refunding those bonds, are hereby  
40 appropriated in each year to the Consolidated Bond Interest and  
41 Redemption Fund to pay such bond repayment costs. As used in this  
42 subsection, "annually available money in the State Highway Fund"  
43 means money remaining in the State Highway Fund in any year  
44 after all amounts required to pay bonds issued pursuant to

1 NRS 408.273 in that year have been paid or provision for such  
2 payment has been made.

3 **Sec. 9.** Any remaining balance of the allocated amounts  
4 authorized in section 8 of this act must not be committed for

9 authorized pursuant to sections 6 and 8 of this act at the time  
10 deemed appropriate by the Board based on the schedule established  
11 for the completion of the projects described in those sections.

16 which the bonds authorized by section 6 of this act are sold,  
17 amounts necessary to facilitate the start of the projects enumerated  
18 in section 6 of this act. The amounts temporarily advanced by the  
19 State Controller shall be made as the money is required for the  
20 projects and must not be transferred to the projects from the State  
21 General Fund until required to make contract payments. The  
22 advanced amounts must be repaid immediately to the State General  
23 Fund upon the sale of the bonds or not later than the last business  
24 day in August immediately following the end of the fiscal year

30 which the bonds authorized by section 8 of this act are sold,  
31 amounts necessary to facilitate the start of the project enumerated in  
32 section 8 of this act. The amounts temporarily advanced by the State

35 Fund until required to make contract payments. The advanced  
36 amounts must be repaid immediately to the State Highway Fund  
37 upon the sale of the bonds or not later than the last business day in  
38 August immediately following the end of the fiscal year during  
39 which the advance is made.

40 4. The Director of the Office of Finance in the Office of the  
41 Governor shall provide written notification to the State Controller,  
42 the State Treasurer and the Senate and Assembly Fiscal Analysts of  
43 the Fiscal Analysis Division of the Legislative Counsel Bureau
