11 **UTILITIES/LANDLORD WATER RESELLER CHANGES AND CONFORMING**
12 **CHANGES TO ELECTRIC AND NATURAL GAS PROVISIONS**

13 **SECTION 6.(a)** G.S. 62-110 reads as rewritten:

14 "**§ 62-110. Certificate of convenience and necessity.**

15 ...

16 (g) In addition to the authority to issue a certificate of public convenience and necessity
17 and establish rates otherwise granted in this Chapter, for the purpose of encouraging water
18 conservation, the Commission may, consistent with the public interest, adopt procedures that
19 allow a lessor of any leased residential premises, as that term is defined under G.S. 42-59(3), to
20 charge for the costs of providing water or sewer service to persons who occupy the leased
21 premises. The following provisions shall apply:

22 (1) ~~All~~ Except as provided in subdivisions (1a), (1b), and (1c) of this subsection,
23 all charges for water or sewer service shall be based on the user's metered
24 consumption of water, which shall be determined by metered measurement of
25 all water consumed. The rate charged by the lessor shall not exceed the unit
26 consumption rate charged by the supplier of the service.

27 (1a) If the leased premises are contiguous dwelling units built prior to 1989, and
28 the lessor determines that the measurement of the lessee's total water usage is
29 impractical or not economical, the lessor may allocate the cost for water and
30 sewer service to the lessee using equipment that measures the lessee's hot
31 water usage. In that case, each lessee shall be billed a percentage of the lessor's
32 water and sewer costs for water usage in the dwelling units based upon the hot
33 water used in the lessee's dwelling unit. The percentage of total water usage
34 allocated for each dwelling unit shall be equal to that dwelling unit's
35 individually submetered hot water usage divided by all submetered hot water
36 usage in all dwelling units. The following conditions apply to billing for water
37 and sewer service under this subdivision:

38 a. A lessor shall not utilize a ratio utility billing system or other allocation
39 billing system that does not rely on individually submetered hot water
40 usage to determine the allocation of water and sewer costs.

41 b. The lessor shall not include in a lessee's bill the cost of water and sewer
42 service used in common areas or water loss due to leaks in the lessor's
43 water mains. A lessor shall not bill or attempt to collect for excess
44 water usage resulting from a plumbing malfunction or other condition
45 that is not known to the lessee or that has been reported to the lessor.

46 c. All equipment used to measure water usage shall comply with
47 guidelines promulgated by the American Water Works Association.

48 d. The lessor shall maintain records for a minimum of 12 months that
49 demonstrate how each lessee's allocated costs were calculated for
50 water and sewer service. Upon advanced written notice to the lessor, a
51 lessee may inspect the records during reasonable business hours.

- e. Bills for water and sewer service sent by the lessor to the lessee shall contain all the following information:
 1. The amount of water and sewer services allocated to the lessee during the billing period.
 2. The method used to determine the amount of water and sewer services allocated to the lessee.
 3. Beginning and ending dates for the billing period.
 4. The past-due date, which shall not be less than 25 days after the bill is mailed.
 5. A local or toll-free telephone number and address that the lessee can use to obtain more information about the bill.

(1b) Notwithstanding the provisions of subdivisions ~~(1) and (1a)-(1)~~, (1a), and (1c) of this subsection, if the Commission approves a flat rate to be charged by a water or sewer utility for the provision of water or sewer services to contiguous dwelling units, the lessor may pass through and charge the tenants of the contiguous dwelling units the same flat rate for water or sewer services, rather than a rate based on metered consumption, and an administrative fee as authorized in subdivision (2) of this subsection. Bills for water and sewer service sent by the lessor to the lessee shall contain all the information required by sub-sub-subdivisions e.2. through e.5. of subdivision (1a) of this subsection.

(1c) The lessor may equally divide the amount of the water and sewer bill for a unit among all the lessees in the unit and may send one bill to each lessee. The amount charged shall be prorated when a lessee has not leased the unit for the same number of days as the other lessees in the unit during the billing period. Each bill may include an administrative fee up to the amount of the then-current administrative fee authorized by the Commission in Rule 18-6 for water service and, when applicable, a late fee in an amount determined by the Commission. The lessor shall not charge the cost of water and sewer from any other unit or common area in a lessee's bill sent pursuant to this subdivision.

...

(h) In addition to the authority to issue a certificate of public convenience and necessity and establish rates otherwise granted in this Chapter, the Commission may, consistent with the public interest, adopt procedures that allow a lessor of ~~a single family dwelling, residential building, or multiunit apartment complex~~ any leased residential premises, as that term is defined under G.S. 42-59(3), that has individually metered units for electric service in the lessor's name to charge for the actual costs of providing electric service to each lessee. The following provisions shall apply to the charges authorized under this subsection:

...

(i) In addition to the authority to issue a certificate of public convenience and necessity and establish rates otherwise granted in this Chapter, the Commission may, consistent with the public interest, adopt procedures that allow a lessor of ~~single family dwelling, a residential building, or multiunit apartment complex~~ any leased residential premises, as that term is defined under G.S. 42-59(3), that has individually metered units for natural gas service in the lessor's name to charge for the actual costs of providing natural gas service to each lessee. The following provisions shall apply to the charges authorized under this subsection:

...."
