23 However, the closing or boarding up of any building that is found to be a public nuisance is not  
24 an abatement of the nuisance.

25 (3) "Building" means any building or structure used for residential purposes or used for  
26 retail stores, shops, salesrooms, markets, or similar commercial uses, or for offices, banks, civic  
27 administration activities, professional services, or similar business or civic uses.

28 (4) "Interested party" means any owner, mortgagee, lienholder, or other entity or person

2 (6) "Public nuisance" means a building that is a menace to the public health, welfare, or  
3 safety; or that is structurally unsafe, unsanitary; or not provided with adequate safe egress; or that  
4 constitutes a fire hazard; or is otherwise dangerous to human life; or is otherwise no longer fit and  
5 habitable; or that, in relation to existing use, constitutes a hazard to the public health, welfare, or  
6 safety by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment.

7 SECTION 17. Section 39-3-40 of the General Laws in Chapter 39-3 entitled "Regulatory  
8 Powers of Administration" is hereby amended to read as follows:

13 pressure, or other condition pertaining to the performing of its service, or to the furnishing of its  
14 product or commodity, by any gas storage, transportation, and distribution facility, and prescribe  
15 reasonable regulations for examination and testing of such service, product, or commodity.

16 (b) (1) Any person, firm or corporation who or that violates any provision of any code  
17 adopted by the division pertaining to the safety of pipeline facilities and the transportation of gas,

24 of the safety standards for pipeline transportation and for pipeline facilities that are contained in  
25 49 U.S.C. § 60101 et seq.

26 (2) Any such penalty shall be determined by the division. In determining the amount of  
27 the penalty, the appropriateness of the penalty to the size of the business of the person, firm, or  
28 corporation charged; the gravity of the violation; and the good faith of the person, firm, or  
29 corporation charged in attempting to achieve compliance after notification of a violation; shall be  
30 considered. The amount of the penalty, where finally determined, may be deducted from any  
31 sums that the state may owe to the person, firm, or corporation charged or may be recovered in a  
32 civil action commenced in the state courts.

26 the provisions of title XVI of the federal social security act [42 U.S.C. § 1381 et seq.] and  
27 provided further, that it is the intent of the general assembly that the January 1, 2009 reduction in

31 recipients in accordance with the above directives. (2) As of July 1, 2010, state supplement

13 appropriate services for those persons who: (i) Have applied for or are receiving SSI, and who  
14 apply for admission to supportive residential care setting and assisted living residences on or after  
15 October 1, 1998; or (ii) Who are residing in supportive residential care settings and assisted living

17 for determining medical need required by subsection (5) of this section shall be developed by the  
18 office of health and human services in collaboration with the departments of that office and shall  
19 be implemented in a manner that furthers the goals of establishing a statewide coordinated long-  
20 term care entry system as required pursuant to the Medicaid section 1115 waiver demonstration.  
21 (7) To assure access to high quality coordinated services, the executive office of health and  
22 human services is further authorized and directed to establish certification or contract standards  
23 that must be met by those state licensed supportive residential care settings, including adult  
24 supportive care homes and assisted living residences admitting or serving any persons eligible for

31 for granting a one time, short-term good cause exemption from the certification or contract  
32 standards to a licensed supportive residential care setting or assisted living residence that provides  
33 documented evidence indicating that meeting or failing to meet said standards poses an undue  
34 hardship on any person eligible under this section who is a prospective or current resident. (8)

1 The certification or contract standards required by this section or ~~§40-8.13-2.1~~ [§ 40-8.13-12](#) shall  
2 be developed in collaboration by the departments, under the direction of the executive office of  
3 health and human services, so as to ensure that they comply with applicable licensure regulations  
4 either in effect or in development. (b) The department is authorized and directed to provide

8 payments to SSI eligible individuals in need because of the application of federal SSI regulations  
9 regarding estranged spouses; and the department shall provide such assistance in a form and  
10 amount, which the department shall by regulation determine.

11 **40-6-27.2. Supplementary cash assistance payment for certain supplemental security**  
12 **income recipients.** -- There is hereby established a \$206 monthly payment for disabled and  
13 elderly individuals who, on or after July 1, 2012, receive the state supplementary assistance  
14 payment for an individual in state licensed assisted living residence under § 40-6-27 and further  
15 reside in an assisted living facility that is not eligible to receive funding under Title XIX of the  
16 Social Security Act, 42 U.S.C. § 1381 et seq. or reside in any assisted living facility financed by  
17 the Rhode Island housing and mortgage finance corporation prior to January 1, 2006, and receive  
18 a payment under § 40-6-27. Such a monthly payment shall not be made on behalf of persons  
19 participating in the program authorized under ~~§40-8.13-2.1~~ [§ 40-8.13-12](#).

20 SECTION 19. Section 40-8.9-9 of the General Laws in Chapter 40-8.9 entitled "Medical  
21 Assistance - Long-Term Care Service and Finance Reform" is hereby amended to read as  
22 follows:

23 **40-8.9-9. Long-term care re-balancing system reform goal.** -- (a) Notwithstanding any  
24 other provision of state law, the executive office of health and human services is authorized and  
25 directed to apply for and obtain any necessary waiver(s), waiver amendment(s) and/or state plan  
26 amendments from the secretary of the United States department of health and human services,  
27 and to promulgate rules necessary to adopt an affirmative plan of program design and  
28 implementation that addresses the goal of allocating a minimum of fifty percent (50%) of  
29 Medicaid long-term care funding for persons aged sixty-five (65) and over and adults with  
30 disabilities, in addition to services for persons with developmental disabilities, to home and  
31 community-based care; provided, further, the executive office shall report annually as part of its  
32 budget submission, the percentage distribution between institutional care and home and  
33 community-based care by population and shall report current and projected waiting lists for long-  
34 term care and home and community-based care services. The executive office is further

1 authorized and directed to prioritize investments in home and community-based care and to  
2 maintain the integrity and financial viability of all current long-term care services while pursuing  
3 this goal.

4 (b) The reformed long-term care system re-balancing goal is person-centered and  
5 encourages individual self-determination, family involvement, interagency collaboration, and  
6 individual choice through the provision of highly specialized and individually tailored home-  
7 based services. Additionally, individuals with severe behavioral, physical, or developmental  
8 disabilities must have the opportunity to live safe and healthful lives through access to a wide  
9 range of supportive services in an array of community-based settings, regardless of the  
10 complexity of their medical condition, the severity of their disability, or the challenges of their  
11 behavior. Delivery of services and supports in less costly and less restrictive community settings,  
12 will enable children, adolescents and adults to be able to curtail, delay or avoid lengthy stays in  
13 long-term care institutions, such as behavioral health residential treatment facilities, long-term  
14 care hospitals, intermediate care facilities and/or skilled nursing facilities.

15 (c) Pursuant to federal authority procured under § 42-7.2-16 of the general laws, the  
16 executive office of health and human services is directed and authorized to adopt a tiered set of  
17 criteria to be used to determine eligibility for services. Such criteria shall be developed in  
18 collaboration with the state's health and human services departments and, to the extent feasible,  
19 any consumer group, advisory board, or other entity designated for such purposes, and shall  
20 encompass eligibility determinations for long-term care services in nursing facilities, hospitals,  
21 and intermediate care facilities for persons with intellectual disabilities as well as home and  
22 community-based alternatives, and shall provide a common standard of income eligibility for  
23 both institutional and home and community-based care. The executive office is authorized to  
24 adopt clinical and/or functional criteria for admission to a nursing facility, hospital, or  
25 intermediate care facility for persons with intellectual disabilities that are more stringent than  
26 those employed for access to home and community-based services. The executive office is also  
27 authorized to promulgate rules that define the frequency of re-assessments for services provided  
28 for under this section. Levels of care may be applied in accordance with the following:

29 (1) The executive office shall continue to apply the level of care criteria in effect on June  
30 30, 2015 for any recipient determined eligible for and receiving Medicaid-funded long-term  
31 services in supports in a nursing facility, hospital, or intermediate care facility for persons with  
32 intellectual disabilities on or before that date, unless (a) the recipient transitions to home and  
33 community based services because he or she would no longer meet the level of care criteria in  
34 effect on June 30, 2015; or (b) the recipient chooses home and community based services over the

1 nursing facility, hospital, or intermediate care facility for persons with intellectual disabilities. For  
2 the purposes of this section, a failed community placement, as defined in regulations promulgated  
3 by the executive office, shall be considered a condition of clinical eligibility for the highest level  
4 of care. The executive office shall confer with the long-term care ombudsperson with respect to  
5 the determination of a failed placement under the ombudsperson's jurisdiction. Should any  
6 Medicaid recipient eligible for a nursing facility, hospital, or intermediate care facility for persons  
7 with intellectual disabilities as of June 30, 2015 receive a determination of a failed community  
8 placement, the recipient shall have access to the highest level of care; furthermore, a recipient  
9 who has experienced a failed community placement shall be transitioned back into his or her  
10 former nursing home, hospital, or intermediate care facility for persons with intellectual  
11 disabilities whenever possible. Additionally, residents shall only be moved from a nursing home,  
12 hospital, or intermediate care facility for persons with intellectual disabilities in a manner  
13 consistent with applicable state and federal laws.

14 (2) Any Medicaid recipient eligible for the highest level of care who voluntarily leaves a  
15 nursing home, hospital, or intermediate care facility for persons with intellectual disabilities shall  
16 not be subject to any wait list for home and community based services.

17 (3) No nursing home, hospital, or intermediate care facility for persons with intellectual  
18 disabilities shall be denied payment for services rendered to a Medicaid recipient on the grounds  
19 that the recipient does not meet level of care criteria unless and until the executive office has: (i)  
20 performed an individual assessment of the recipient at issue and provided written notice to the  
21 nursing home, hospital, or intermediate care facility for persons with intellectual disabilities that  
22 the recipient does not meet level of care criteria; and (ii) the recipient has either appealed that  
23 level of care determination and been unsuccessful, or any appeal period available to the recipient  
24 regarding that level of care determination has expired.

25 (d) The executive office is further authorized to consolidate all home and community-  
26 based services currently provided pursuant to § 1915(c) of title XIX of the United States Code  
27 into a single system of home and community-based services that include options for consumer  
28 direction and shared living. The resulting single home and community-based services system  
29 shall replace and supersede all § 1915(c) programs when fully implemented. Notwithstanding the  
30 foregoing, the resulting single program home and community-based services system shall include  
31 the continued funding of assisted living services at any assisted living facility financed by the  
32 Rhode Island housing and mortgage finance corporation prior to January 1, 2006, and shall be in  
33 accordance with chapter 66.8 of title 42 of the general laws as long as assisted living services are  
34 a covered Medicaid benefit.

1 (e) The executive office is authorized to promulgate rules that permit certain optional  
2 services including, but not limited to, homemaker services, home modifications, respite, and  
3 physical therapy evaluations to be offered to persons at risk for Medicaid-funded long-term care  
4 subject to availability of state-appropriated funding for these purposes.

5 (f) To promote the expansion of home and community-based service capacity, the  
6 executive office is authorized to pursue payment methodology reforms that increase access to  
7 homemaker, personal care (home health aide), assisted living, adult supportive care homes, and  
8 adult day services, as follows:

9 (1) Development, of revised or new Medicaid certification standards that increase access  
10 to service specialization and scheduling accommodations by using payment strategies designed to  
11 achieve specific quality and health outcomes.

12 (2) Development of Medicaid certification standards for state authorized providers of  
13 adult day services, excluding such providers of services authorized under § 40.1-24-1(3), assisted  
14 living, and adult supportive care (as defined under § 23-17.24) that establish for each, an acuity-  
15 based, tiered service and payment methodology tied to: licensure authority, level of beneficiary  
16 needs; the scope of services and supports provided; and specific quality and outcome measures.  
17 The standards for adult day services for persons eligible for Medicaid-funded long-term services  
18 may differ from those who do not meet the clinical/functional criteria set forth in § 40-8.10-3.

19 (g) The executive office shall implement a long-term care options counseling program to  
20 provide individuals or their representatives, or both, with long-term care consultations that shall  
21 include, at a minimum, information about: long-term care options, sources and methods of both  
22 public and private payment for long-term care services and an assessment of an individual's  
23 functional capabilities and opportunities for maximizing independence. Each individual admitted  
24 to or seeking admission to a long-term care facility regardless of the payment source shall be  
25 informed by the facility of the availability of the long-term care options counseling program and  
26 shall be provided with long-term care options consultation if they so request. Each individual who  
27 applies for Medicaid long-term care services shall be provided with a long-term care consultation.

28 (h) The executive office is also authorized, subject to availability of appropriation of  
29 funding, and federal Medicaid-matching funds, to pay for certain services and supports necessary  
30 to transition or divert beneficiaries from institutional or restrictive settings and optimize their  
31 health and safety when receiving care in a home or the community. The secretary is authorized to  
32 obtain any state plan or waiver authorities required to maximize the federal funds available to  
33 support expanded access to such home and community transition and stabilization services;  
34 provided, however, payments shall not exceed an annual or per person amount.

1 (i) To ensure persons with long-term care needs who remain living at home have  
2 adequate resources to deal with housing maintenance and unanticipated housing related costs, the  
3 secretary is authorized to develop higher resource eligibility limits for persons or obtain any state  
4 plan or waiver authorities necessary to change the financial eligibility criteria for long-term  
5 services and supports to enable beneficiaries receiving home and community waiver services to  
6 have the resources to continue living in their own homes or rental units or other home-based  
7 settings.

8 (j) The executive office shall implement, no later than January 1, 2016, the following  
9 home and community-based service and payment reforms:

10 (1) Community-based supportive living program established in ~~§40-8.13-2.1~~ [§ 40-8.13-](#)  
11 [12](#);

12 (2) Adult day services level of need criteria and acuity-based, tiered payment  
13 methodology; and

14 (3) Payment reforms that encourage home and community-based providers to provide the  
15 specialized services and accommodations beneficiaries need to avoid or delay institutional care.

16 (k) The secretary is authorized to seek any Medicaid section 1115 waiver or state plan  
17 amendments and take any administrative actions necessary to ensure timely adoption of any new  
18 or amended rules, regulations, policies, or procedures and any system enhancements or changes,  
19 for which appropriations have been authorized, that are necessary to facilitate implementation of  
20 the requirements of this section by the dates established. The secretary shall reserve the discretion  
21 to exercise the authority established under §§ 42-7.2-5(6)(v) and 42-7.2-6.1, in consultation with  
22 the governor, to meet the legislative directives established herein.

3 **30-11-8. Reservists' right to other advantages of employment -- Civil remedies.** -- A  
4 reservist's absence for military training will in no ~~wise~~ way affect the employee's right to receive  
5 normal vacation, sick leave, bonus, advancement, and other advantages of his or her employment  
6 normally to be anticipated in his or her particular position. In the event of the failure of any  
7 employer to comply with the foregoing, the employee may, at his or her election, bring an action  
8 at law for damages for this noncompliance, or apply to the superior court for such equitable relief  
9 as may be just and proper under the circumstances, and this action shall take precedence on the  
10 court calendar.

11 SECTION 36. Section 30-12-3 of the General Laws in Chapter 30-12 entitled "General

14 organization, or unit, or detachment thereof of another state ~~who~~ that is in fresh pursuit of  
15 insurrectionists, saboteurs, enemies, or enemy forces may continue that pursuit into this state until  
16 the military or police forces of this state, or the forces of the United States, have had a reasonable  
17 opportunity to take up the pursuit or to apprehend or capture these persons, and is hereby  
18 authorized to arrest or capture these persons within this state while in fresh pursuit. Any of the  
19 above described persons who shall be captured or arrested by the military forces of another state  
20 while in this state shall, without unnecessary delay, be surrendered to the military or police forces  
21 of this state to be dealt with according to law. This section shall not be construed so as to make  
22 unlawful any arrest in this state which would otherwise be lawful.

23 SECTION 37. Sections 30-13-23, 30-13-34, 30-13-41, 30-13-65, 30-13-66, 30-13-71, 30-  
24 13-72, 30-13-74, 30-13-77, 30-13-87, 30-13-90, 30-13-92, 30-13-99, 30-13-100, 30-13-101, 30-  
25 13-103, 30-13-107, 30-13-108, 30-13-109, 30-13-111, 30-13-116, 30-13-117, 30-13-118, 30-13-  
26 121, 30-13-125, 30-13-126, 30-13-127, 30-13-128, 30-13-131, and 30-13-133 of the General  
27 Laws in Chapter 30-13 entitled "Rhode Island Code of Military Justice" are hereby amended to  
28 read as follows:

29 **30-13-23. Confinement in default of payment of fine.** -- All courts-martial shall have  
30 power to sentence, in the alternative, to confinement in default of payment of a fine imposed by  
31 the ~~court; in~~ court. In these cases, the court shall fix a reasonable time within which the fine  
32 shall be paid; provided, however, that the sentence of confinement shall not exceed one day for  
33 each five dollars (\$5.00) of fine imposed.

34 **30-13-34. Investigation.** -- (a) No charge or specification may be referred to a general

1 court-martial for trial until a thorough and impartial investigation of all the matters set forth  
2 therein has been made. This investigation shall include inquiry as to the truth of the matter set  
3 forth in the charges, consideration of the form of charges, and a recommendation as to the  
4 disposition ~~which~~ that should be made of the case in the interest of justice and discipline.

5 (b) The accused shall be advised of the charges against him or her and of his or her right  
6 to be represented at that investigation by counsel. Upon the accused's own request, he or she shall  
7 be represented by civilian counsel if provided by him or her; or military counsel of his or her  
8 own selection if military counsel is reasonably available; or by counsel detailed by the officer  
9 exercising general court-martial jurisdiction over the command. At that investigation, full  
10 opportunity shall be given to the accused to cross-examine witnesses against him or her if they  
11 are available, and to present anything he or she may desire in his or her own behalf, either in  
12 defense or mitigation, and the investigating officer shall examine witnesses requested by the  
13 accused. If the charges are forwarded after the investigation, they shall be accompanied by a  
14 statement of the substance of the testimony taken on both sides and a copy thereof shall be given  
15 to the accused.

16 (c) If an investigation of the subject matter of an offense has been conducted before the  
17 accused is charged with the offense, and if the accused was present at the investigation and  
18 afforded the opportunities for representation, cross-examinations, and presentation prescribed in  
19 subsection (b) of this section, no further investigation of that charge is necessary under this  
20 section unless it is demanded by the accused after he or she is informed of the charge. A demand  
21 for further investigation entitles the accused to recall witnesses for further cross-examination and  
22 to offer any new evidence in his or her own behalf.

23 (d) The requirements of this section are binding on all persons administering this code,  
24 but failure to follow them does not divest a military court of jurisdiction.

25 **30-13-41. Duties of trial counsel and defense counsel.** -- (a) The trial counsel of a  
26 general or special court-martial shall prosecute in the name of the state, and shall, under the  
27 direction of the court, prepare the record of the proceedings.

28 (b) The accused has the right to be represented in his or her defense before a general or  
29 special court-martial by civilian counsel if provided by the accused, or by military counsel of his  
30 or her own selection if reasonably available, or by the defense counsel detailed under § 30-13-29.  
31 Should the accused have counsel of his or her own selection, the defense counsel, and assistant  
32 defense counsel, if any, who were detailed, shall, if the accused so desires, act as his or her  
33 associate counsel; otherwise they shall be excused by the president of the court.

34 (c) In every court-martial proceeding, the defense counsel may, in the event of

1 conviction, forward for attachment to the record of proceedings a brief of those matters counsel  
2 feels should be considered in behalf of the accused on review, including any objection to the  
3 contents of the record ~~which~~ that he or she considers appropriate.

4 (d) An assistant trial counsel of a general court-martial may, under the direction of the  
5 trial counsel or when he or she is qualified to be a trial counsel as required by § 30-13-29,  
6 perform any duty imposed by law, regulation, or the custom of the service, upon the trial counsel  
7 of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial  
8 counsel.

9 (e) An assistant defense counsel of a general or special court-martial may, under the  
10 direction of the defense counsel or when he or she is qualified to be the defense counsel as  
11 required by § 30-13-29, perform any duty imposed by law, regulation, or the custom of the  
12 service, upon counsel for the accused.

13 **30-13-65. Reconsideration and revision of record.** -- (a) If a specification before a  
14 court-martial has been dismissed on motion and the ruling does not amount to a finding of not  
15 guilty, the convening authority may return the record to the court for reconsideration of the ruling  
16 and any further appropriate action.

17 (b) Where there is an apparent error or omission in the record or where the record shows  
18 improper or inconsistent action by a court-martial with respect to a finding or sentence ~~which~~  
19 that can be rectified without material prejudice to the substantial rights of the accused, the  
20 convening authority may return the record to the court for appropriate action. In no case,  
21 however, may the record be returned:

22 (1) For reconsideration of a finding of not guilty, or a ruling ~~which~~ that amounts to a  
23 finding of not guilty;

24 (2) For reconsideration of a finding of not guilty of any charge, unless the record shows a  
25 finding of guilty under a specification laid under that charge, which sufficiently alleges a  
26 violation of some section of this code; or

27 (3) For increasing the severity of the sentence unless the sentence prescribed for the  
28 offense is mandatory.

29 **30-13-66. Rehearings.** -- (a) If the convening authority disapproves the findings and  
30 sentence of a court-martial, he or she may, except where there is lack of sufficient evidence in the  
31 record to support the findings, order a rehearing. In that case, the convening authority shall state  
32 the reasons for disapproval. If the convening authority disapproves the findings and sentence and  
33 does not order a rehearing, he or she shall dismiss the charges.

34 (b) Each rehearing shall take place before a court-martial composed of members not

1 members of the court-martial ~~which~~ that first heard the case. Upon a rehearing, the accused may  
2 not be tried for any offense of which he or she was found not guilty by the first court-martial, and  
3 no sentence in excess of, or more severe than, the original sentence may be imposed, unless the  
4 sentence is based upon a finding of guilty of an offense not considered upon the merits in the  
5 original proceedings, or unless the sentence prescribed for the offense is mandatory.

6 **30-13-71. Vacation of suspension.** -- (a) Before the vacation of the suspension of a  
7 special court-martial sentence ~~which~~ that, as approved, includes a bad-conduct discharge, or of  
8 any general court-martial sentence, the officer having special court-martial jurisdiction over the  
9 probationer shall hold a hearing on the alleged violation of probation. The probationer shall be  
10 represented at the hearing by counsel if he or she so desires.

11 (b) The record of the hearing and the recommendation of the officer having special court-  
12 martial jurisdiction shall be sent for action to the governor in cases involving a general court-  
13 martial sentence and to the commanding officer of the force of the state military forces of which  
14 the probationer is a member in all other cases covered by subsection (a) of this section. If the  
15 governor or commanding officer vacates the suspension, any unexecuted part of the sentence,  
16 except a dismissal, shall be executed.

17 (c) The suspension of any other sentence may be vacated by any authority competent to  
18 convene, for the command in which the accused is serving or assigned, a court of the kind that  
19 imposed the sentence.

20 **30-13-72. Petition for new trial.** -- At any time within two (2) years after approval by  
21 the convening authority of a court-martial sentence ~~which~~ that extends to dismissal, or  
22 dishonorable or bad-conduct discharge, the accused may petition the governor for a new trial on  
23 the grounds of newly discovered evidence or fraud on the court-martial.

24 **30-13-74. Restoration following sentence set aside.** -- (a) Under such regulations as the  
25 governor may prescribe, all rights, privileges, and property affected by an executed part of a  
26 court-martial sentence ~~which~~ that has been set aside or disapproved, except an executed  
27 dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and the  
28 executed part is included in a sentence imposed upon a new trial or rehearing.

29 (b) If a previously executed sentence of dishonorable or bad-conduct discharge is not  
30 imposed on a new trial, the governor shall substitute therefor a form of discharge authorized for  
31 administrative issuance unless the accused is to serve out the remainder of his or her enlistment.

32 (c) If a previously executed sentence of dismissal is not imposed on a new trial, the  
33 governor shall substitute therefor a form of discharge authorized for administrative issue, and the  
34 commissioned officer dismissed by that sentence may be reappointed by the governor alone to

1 such a commissioned grade and with such rank as in the opinion of the governor that former  
2 officer would have attained had he or she not been dismissed. The reappointment of such a  
3 former officer may be made if a position vacancy is available under applicable tables of  
4 organization. All time between the dismissal and reappointment shall be considered as service for  
5 all purposes.

6 **30-13-77. Principals.** -- Any person subject to this code who:

33 in the state. Aside from powers granted to the governor elsewhere, the governor is hereby  
34 specifically authorized to:

1 (1) Issue executive orders, proclamations, and regulations and amend or rescind them.  
2 Executive orders, proclamations, and regulations, for the purposes of this chapter, have the force  
3 and effect of law;

4 (2) Cooperate with the federal authorities and with the governors and/or officials of the  
5 other states in matters pertaining to the common disaster preparedness of the states and nation,

22 possible extent;

23 (5) In accordance with the plans and programs for disasters in the state, procure supplies  
24 and equipment, to institute training programs and public information programs, and to take all

33 governor shall be responsible for meeting the dangers to the state and people presented by  
34 disasters.

1 (b) A state of emergency shall be declared by executive order or proclamation of the  
2 governor if he or she finds a disaster has occurred or that this occurrence, or the threat thereof, is  
3 imminent. The state of disaster emergency shall continue until the governor finds that the threat  
4 or danger has passed or the disaster has been dealt with to the extent that emergency conditions  
5 no longer exist and terminates the state of disaster emergency by executive order or proclamation,  
6 but no state of disaster emergency may continue for longer than thirty (30) days unless renewed  
7 by the governor. The general assembly, by concurrent resolution, may terminate a state of disaster  
8 emergency at any time. Thereupon, the governor shall issue an executive order or proclamation  
9 ending the state of disaster emergency and what actions are being taken to control the emergency  
10 and what action the public should take to protect themselves. All executive orders or  
11 proclamations issued under this subsection shall indicate the nature of the disaster, the area or  
12 areas threatened, and the conditions ~~which~~ that have brought it about or ~~which~~ that make  
13 possible termination of the state of disaster emergency. An executive order or proclamation shall  
14 be disseminated promptly by means calculated to bring its contents to the attention of the general  
15 public and, unless the circumstances attendant upon the disaster prevent or impede, promptly  
16 filed with the agency, the secretary of state, and the city and town clerks in the area to which it  
17 applies.

18 (c) An executive order or proclamation of a state of disaster emergency, shall activate the  
19 state and local disaster emergency plans applicable to the political subdivision or area in question  
20 and shall be authority for the deployment and use of any forces to which the plan or plans apply  
21 and for the use or distribution of any supplies, equipment, and materials and facilities assembled,  
22 stockpiled, or arranged to be made available pursuant to this chapter or any other provision of law  
23 relating to disaster emergencies.

24 (d) During the continuance of any state of disaster emergency, the governor is  
25 commander-in-chief of the organized and unorganized militia and of all other forces available for  
26 emergency duty. To the greatest extent practicable, the governor shall delegate or assign  
27 command authority by prior arrangement embodied in appropriate executive orders or  
28 regulations, but nothing herein restricts the governor's authority to do so by orders issued at the  
29 time of the disaster emergency.

30 (e) In addition to any other powers conferred upon the governor by law, the governor  
31 may exercise the following powers, limited in scope and duration as is reasonably necessary for  
32 emergency response:

33 (1) Suspend the provisions of any regulatory statute prescribing the procedures for  
34 conduct of state business, or the orders, rules, or regulations of any state agency, if strict

1 compliance with the provisions of any statute, order, rule, or regulation would in any way  
2 prevent, hinder, or delay necessary action in coping with the emergency, provided that the
