33 disposition of a contested licensing matter shall occur where resolution substantially deviates
34 from the original application unless all interested parties shall be notified of said proposed

1 resolution and provided with opportunity to comment upon said resolution pursuant to applicable
2 law and any rules and regulations established by the director.

3 (20) To enter, examine or survey at any reasonable time such places as the director
4 deems necessary to carry out his or her responsibilities under any provision of law subject to the
5 following provisions:

6 (i) For criminal investigations, the director shall, pursuant to chapter 5 of title 12, seek a
7 search warrant from an official of a court authorized to issue warrants, unless a search without a
8 warrant is otherwise allowed or provided by law;

9 (ii) (A) All administrative inspections shall be conducted pursuant to administrative
10 guidelines promulgated by the department in accordance with chapter 35 of title 42.

11 (B) A warrant shall not be required for administrative inspections if conducted under the
12 following circumstances, in accordance with the applicable constitutional standards:

13 (I) For closely regulated industries;

14 (II) In situations involving open fields or conditions that are in plain view;

15 (III) In emergency situations;

16 (IV) In situations presenting an imminent threat to the environment or public health,
17 safety or welfare;

18 (V) If the owner, operator, or agent in charge of the facility, property, site or location
19 consents; or

20 (VI) In other situations in which a warrant is not constitutionally required.

21 (C) Whenever it shall be constitutionally or otherwise required by law, or whenever the
22 director in his or her discretion deems it advisable, an administrative search warrant, or its
23 functional equivalent, may be obtained by the director from a neutral magistrate for the purpose
24 of conducting an administrative inspection. The warrant shall be issued in accordance with the
25 applicable constitutional standards for the issuance of administrative search warrants. The
26 administrative standard of probable cause, not the criminal standard of probable cause, shall
27 apply to applications for administrative search warrants.

28 (I) The need for, or reliance upon, an administrative warrant shall not be construed as
29 requiring the department to forfeit the element of surprise in its inspection efforts.

30 (II) An administrative warrant issued pursuant to this subsection must be executed and
31 returned within ten (10) days of its issuance date unless, upon a showing of need for additional
32 time, the court orders otherwise.

33 (III) An administrative warrant may authorize the review and copying of documents that
34 are relevant to the purpose of the inspection. If documents must be seized for the purpose of

1 copying, and the warrant authorizes such seizure, the person executing the warrant shall prepare
2 an inventory of the documents taken. The time, place and manner regarding the making of the
3 inventory shall be set forth in the terms of the warrant itself, as dictated by the court. A copy of
4 the inventory shall be delivered to the person from whose possession or facility the documents
5 were taken. The seized documents shall be copied as soon as feasible under circumstances
6 preserving their authenticity, then returned to the person from whose possession or facility the
7 documents were taken.

8 (IV) An administrative warrant may authorize the taking of samples of air, water or soil
9 or of materials generated, stored or treated at the facility, property, site or location. Upon request,
10 the department shall make split samples available to the person whose facility, property, site or
11 location is being inspected.

12 (V) Service of an administrative warrant may be required only to the extent provided for
13 in the terms of the warrant itself, by the issuing court.

14 (D) Penalties. - Any willful and unjustified refusal of right of entry and inspection to
15 department personnel pursuant to an administrative warrant shall constitute a contempt of court
16 and shall subject the refusing party to sanctions, which in the court's discretion may result in up to
17 six (6) months imprisonment and/or a monetary fine of up to ten thousand dollars (\$10,000) per
18 refusal.

19 (21) To give notice of an alleged violation of law to the person responsible therefor
20 whenever the director determines that there are reasonable grounds to believe that there is a
21 violation of any provision of law within his or her jurisdiction or of any rule or regulation adopted
22 pursuant to authority granted to him or her, unless other notice and hearing procedure is
23 specifically provided by that law. Nothing in this chapter shall limit the authority of the attorney
24 general to prosecute offenders as required by law.

25 (i) The notice shall provide for a time within which the alleged violation shall be
26 remedied, and shall inform the person to whom it is directed that a written request for a hearing
27 on the alleged violation may be filed with the director within ten (10) days after service of the
28 notice. The notice will be deemed properly served upon a person if a copy thereof is served him
29 or her personally, or sent by registered or certified mail to his or her last known address, or if he
30 or she is served with notice by any other method of service now or hereafter authorized in a civil
31 action under the laws of this state. If no written request for a hearing is made to the director
32 within ten (10) days of the service of notice, the notice shall automatically become a compliance
33 order.

34 (ii) (A) Whenever the director determines that there exists a violation of any law, rule, or

1 regulation within his or her jurisdiction which requires immediate action to protect the
2 environment, he or she may, without prior notice of violation or hearing, issue an immediate
3 compliance order stating the existence of the violation and the action he or she deems necessary.
4 The compliance order shall become effective immediately upon service or within such time as is
5 specified by the director in such order. No request for a hearing on an immediate compliance
6 order may be made.

7 (B) Any immediate compliance order issued under this section without notice and prior
8 hearing shall be effective for no longer than forty-five (45) days; provided, however, that for
9 good cause shown the order may be extended one additional period not exceeding forty-five (45)
10 days.

11 (iii) The director may, at his or her discretion and for the purposes of timely and
12 effective resolution and return to compliance, cite a person for alleged noncompliance through the
13 issuance of an expedited citation in accordance with subsection 42-17.6-3(c).

14 (iv) If a person upon whom a notice of violation has been served under the provisions of
15 this section or if a person aggrieved by any such notice of violation requests a hearing before the
16 director within ten (10) days of the service of notice of violation, the director shall set a time and
17 place for the hearing, and shall give the person requesting that hearing at least five (5) days
18 written notice thereof. After the hearing, the director may make findings of fact and shall sustain,
19 modify, or withdraw the notice of violation. If the director sustains or modifies the notice, that
20 decision shall be deemed a compliance order and shall be served upon the person responsible in
21 any manner provided for the service of the notice in this section.

22 (v) The compliance order shall state a time within which the violation shall be remedied,
23 and the original time specified in the notice of violation shall be extended to the time set in the
24 order.

25 (vi) Whenever a compliance order has become effective, whether automatically where
26 no hearing has been requested, where an immediate compliance order has been issued, or upon
27 decision following a hearing, the director may institute injunction proceedings in the superior
28 court of the state for enforcement of the compliance order and for appropriate temporary relief,
29 and in that proceeding the correctness of a compliance order shall be presumed and the person
30 attacking the order shall bear the burden of proving error in the compliance order, except that the
31 director shall bear the burden of proving in the proceeding the correctness of an immediate
32 compliance order. The remedy provided for in this section shall be cumulative and not exclusive
33 and shall be in addition to remedies relating to the removal or abatement of nuisances or any
34 other remedies provided by law.

1 (vii) Any party aggrieved by a final judgment of the superior court may, within thirty
2 (30) days from the date of entry of such judgment, petition the supreme court for a writ of
3 certiorari to review any questions of law. The petition shall set forth the errors claimed. Upon the
4 filing of the petition with the clerk of the supreme court, the supreme court may, if it sees fit,
5 issue its writ of certiorari;

6 (22) To impose administrative penalties in accordance with the provisions of chapter
7 17.6 of this title and to direct that such penalties be paid into the account established by
8 subdivision (26); and

9 (23) The following definitions shall apply in the interpretation of the provisions of this

33 (25) (i) To apply for and accept grants and bequests of funds with the approval of the
34 director of administration from other states, interstate agencies and independent authorities, and

1 private firms, individuals and foundations, for the purpose of carrying out his or her lawful

5 funds made available for that program's purposes. All expenditures from the accounts shall be
6 subject to appropriation by the general assembly, and shall be expended in accordance with the
7 provisions of the grant or bequest. In the event that a donation or bequest is unspecified or in the
8 event that the trust account balance shows a surplus after the project as provided for in the grant
9 or bequest has been completed, the director may utilize said appropriated unspecified or
10 appropriated surplus funds for enhanced management of the department's forest and outdoor
11 public recreation areas, or other projects or programs that promote the accessibility of recreational
12 opportunities for Rhode Island residents and visitors.

13 (ii) The director shall submit to the house fiscal advisor and the senate fiscal advisor, by
14 October 1 of each year, a detailed report on the amount of funds received and the uses made of

18 private land trust and to exercise all powers vested herein to insure the preservation of all
19 identified lands.

20 (i) The director may promulgate and enforce rules and regulations to provide for the
21 orderly and consistent protection, management, continuity of ownership and purpose, and
22 centralized records-keeping for lands, water, and open spaces owned in fee or controlled in full or
23 in part through other interests, rights, or devices such as conservation easements or restrictions,
24 by private and public land trusts in Rhode Island. The director may charge a reasonable fee for
25 filing of each document submitted by a land trust.

26 (ii) The term "public land trust" means any public instrumentality created by a Rhode
27 Island municipality for the purposes stated herein and financed by means of public funds
28 collected and appropriated by the municipality. The term "private land trust" means any group of
29 five (5) or more private citizens of Rhode Island who shall incorporate under the laws of Rhode
30 Island as a nonbusiness corporation for the purposes stated herein, or a national organization such
31 as the nature conservancy. The main purpose of either a public or a private land trust shall be the
32 protection, acquisition, or control of land, water, wildlife, wildlife habitat, plants, and/or other
33 natural features, areas, or open space for the purpose of managing or maintaining, or causing to
34 be managed or maintained by others, the land, water, and other natural amenities in any

1 undeveloped and relatively natural state in perpetuity. A private land trust must be granted
2 exemption from federal income tax under Internal Revenue Code 501(c)(3) [26 U.S.C. section
3 501(c)(3)] within two (2) years of its incorporation in Rhode Island or it may not continue to
4 function as a land trust in Rhode Island. A private land trust may not be incorporated for the
5 exclusive purpose of acquiring or accepting property or rights in property from a single
6 individual, family, corporation, business, partnership, or other entity. Membership in any private

15 interests and rights acquired in land and will also file copies of all such documents and current

19 private and public land trust land holdings in Rhode Island.

20 (29) The director will contact in writing, not less often than once every two (2) years,

24 within the two (2) year period; the name of the successor organization named in the public or
25 private land trust's bylaws or articles of association; and any other information the director deems
26 essential to the proper and continuous protection and management of land and interests or rights
27 in land held by the land trust. In the event that the director determines that a public or private land
28 trust holding land or interest in land appears to have become inactive, he or she shall initiate
29 proceedings to effect the termination of the land trust and the transfer of its lands, assets, land
30 rights, and land interests to the successor organization named in the defaulting trust's bylaws or
31 articles of association or to another organization created for the same or similar purposes. Should
32 such a transfer not be possible, then the land trust, assets, and interest and rights in land will be
33 held in trust by the state of Rhode Island and managed by the director for the purposes stated at
34 the time of original acquisition by the trust. Any trust assets or interests other than land or rights

14 to the city or town wherein the subject facility is located, and the order or notice shall be recorded
15 in the general index by the appropriate municipal officer in the land evidence records in the city
16 or town wherein the subject facility is located. Any subsequent transferee of that facility shall be
17 responsible for complying with the requirements of the order or notice. Upon satisfactory
18 completion of the requirements of the order or notice, the director shall provide written notice of
19 the same, which notice shall be eligible for recordation. The original written notice shall be
20 forwarded to the city or town wherein the subject facility is located, and the notice of satisfactory
21 completion shall be recorded in the general index by the appropriate municipal official in the land
22 evidence records in the city or town wherein the subject facility is located. A copy of the written
23 notice shall be forwarded to the owner of the subject facility within five (5) days of a request for
24 it, and, in any event, shall be forwarded to the owner of the subject facility within thirty (30) days
25 after correction.

1 impact on natural communities, and seeking outside funding for wildlife management, land
2 management and research.

3 (34) To promote the effective stewardship of lakes and ponds including collaboration
4 with associations of lakefront property owners on planning and management actions that will
5 prevent and mitigate water quality degradation, the loss of native habitat due to infestation of
6 non-native species and nuisance conditions that result from excessive growth of algal or non-
7 native plant species. By January 31, 2012, the director shall prepare and submit a report to the
8 governor and general assembly that based upon available information provides: (a) an assessment
9 of lake conditions including a description of the presence and extent of aquatic invasive species in
10 lakes and ponds; (b) recommendations for improving the control and management of aquatic
11 invasives species in lakes and ponds; and (c) an assessment of the feasibility of instituting a boat
12 sticker program for the purpose of generating funds to support implementation actions to control

15 (5) "Development rights" means the rights of the fee simple owner to develop, construct
16 on, divide, sell, lease, or otherwise change the property in such a way as to render the land
17 unsuitable for agriculture; this includes the exercise of the owner's rights to sell or grant
18 easements or rights of way, or to sell the mineral or water rights or other rights if by that exercise
19 the use of the land as productive agricultural land is diminished; but does not include the rights of
20 the owner to sell, lease, or otherwise improve the agricultural land to preserve, maintain, operate,
21 or continue the land as agricultural land or all other customary rights and privileges of ownership,
