## A BILL

To repeal certain impediments to the administration of the firearms laws.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Gun Records Restora-  
5 tion and Preservation Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds as follows:

8 (1) The Tiahrt Amendments prevent the collec-  
9 tion of valuable information, and the establishment  
10 of effective policies to prevent illegal guns from  
11 being used in crimes.

1           (2) The Tiahrt Amendments impede enforce-  
2           ment of the gun laws by requiring most background  
3           check records to be destroyed within 24 hours, and  
4           by barring the Federal Government from requiring  
5           annual inventory audits by owners of gun shops.

6           (3) A 2012 study by researchers at Johns Hop-  
7           kins Bloomberg School of Public Health found that  
8           the Tiahrt Amendments dramatically increase gun  
9           trafficking to the criminal market.

10          (4) A 2016 study from the University of Pitts-  
11          burgh Graduate School of Public Health found that  
12          in 2008, 79 percent of all guns recovered by police  
13          from crime scenes belonged to someone other than  
14          the perpetrator—30 percent had been stolen.

15          (5) A 2020 analysis from the RAND corpora-  
16          tion concluded that the Tiahrt Amendments limit re-  
17          searchers' access to data that provide important in-  
18          sights, such as—

19                 (A) how guns flow from States with less  
20                 restrictive gun laws to States with more restric-  
21                 tive gun laws;

22                 (B) how prohibited purchasers obtain their  
23                 firearms;

24                 (C) the characteristics of straw purchases;  
25                 and

1 (D) whether more restrictive gun laws cre-  
2 ate a shortage of firearms for prohibited pur-  
3 chases.

4 (6) Every year, more than 165,000 people are  
5 shot in the United States.

6 (7) 2020 was one of the deadliest years on  
7 record for the United States, with an estimated  
8 21,000 people killed in firearm homicides or non-sui-  
9 cide related shootings, which is a 33-percent increase  
10 over 2019.

11 (8) In 2020, 62 percent of firearm homicide  
12 victims were Black and 15 percent of firearm homi-  
13 cide victims were Hispanic.

14 (9) In 2020, the National Tracing Center at  
15 the Bureau of Alcohol, Tobacco, Firearms and Ex-  
16 plosives processed 490,800 trace requests on fire-  
17 arms from Federal, State, and local law enforcement  
18 agencies.

19 (10) Having effective policies to prevent illegal  
20 gun trafficking makes our families and communities  
21 safer.

22 (11) Repealing the Tiahrt Amendments would  
23 support law enforcement efforts and give the public  
24 vital information needed to craft the most effective  
25 policies against illegal guns.
