

1                   **JOINT RESOLUTION - POTENTIAL INTERIM STUDY**

2                                   **ITEMS**

3   2015 GENERAL SESSION

4   STATE OF UTAH

5                                   **Chief Sponsor: James A. Dunnigan**

6                                   Senate Sponsor: Brian E. Shiozawa

7 

---

---

**LONG TITLE**

8 **General Description:**

9                   This joint resolution of the Legislature gives the Legislative Management Committee  
10                   items of study it may assign to the appropriate interim committee.  
11

12 **Highlighted Provisions:**

13                   This resolution:

- 14                   ▶ gives the Legislative Management Committee items of study it may assign to the
- 15                   appropriate interim committee during the 2015 legislative interim; and
- 16                   ▶ suggests that the Legislative Management Committee, in approving studies, give
- 17                   consideration to the available time of legislators and the budget and capacity of staff
- 18                   to respond to the assigned studies.

19 **Special Clauses:**

20                   None

21 

---

---

*Be it resolved by the Legislature of the state of Utah:*

22                   WHEREAS, the Legislative Management Committee is created by law as a permanent  
23                   committee that may receive and assign matters for interim study by committees of the  
24                   Legislature; and

25                   WHEREAS, the 61st Legislature has identified potential issues for possible additional  
26                   investigation and study:  
27

28           NOW, THEREFORE, BE IT RESOLVED that the Legislative Management Committee  
29 may select from the following items of study to assign to the appropriate interim committee to  
30 study and make recommendations for legislative action to the 61st Legislature before the 2016  
31 General Session.

32           BE IT FURTHER RESOLVED that the Legislative Management Committee, in  
33 making study assignments from this list and in approving study requests for individual  
34 committees, give consideration to the available time of legislators and the budget and capacity  
35 of staff to respond adequately to the number and complexity of the assignments given.

36           1. Health Insurance - to study the "crowd out" effect on health insurance costs in the  
37 next five to ten years and the "crowd out" effect's impact on the state budget.

38           2. Alcoholic Beverage Service - to study restaurant alcoholic beverage service (H.B.  
39 339).

40           3. Assessment Bonding - to study assessment bonding and foreclosure.

41           4. Auto Dealers - to study the purpose for addressing auto dealer issues in legislation  
42 (H.B. 362 and H.B. 394).

43           5. Automobile Franchise Laws - to study issues related to automobile franchise laws.

44           6. Building Code Adoption - to study whether the residential building code adoption  
45 cycle should be three years or six years (H.B. 285).

46           7. Consumer Protections - to study code, rules, and regulations related to online and  
47 other disruptive means for conducting auto sales and related consumer protections.

48           8. Deferred Deposit Industry - to study what regulations should be imposed on the  
49 deferred deposit industry.

50           9. Earthquake Certificate - to study issues related to an earthquake resilience  
51 certificate.

52           10. Good Landlord - to study issues related to the Good Landlord Program (H.B. 268).

53           11. Good Landlord Revisions - to study changes to the good landlord program.

54           12. Hospital Liens - to study hospital liens with impact on insurance limits.

55           13. Impact of "Crowd Out" Related to Medicaid Expansion - to study whether private  
56 insurance companies are being damaged by the "crowd out" effect in other states that have  
57 accepted Medicaid expansion.

58           14. Impact of Medicaid Expansion on Employer Sponsored Insurance - to study

59 whether businesses are dropping employer sponsored insurance in states that have accepted  
60 Medicaid expansion.

61 15. Insurance Adjuster Issues - to study appropriate exemptions for adjusters licensing,  
62 how to treat company adjusters, and how to address out-of-state adjusters (1st Sub. H.B. 336).

63 16. Insurance Code Regulation of Health Sharing Ministries - to study whether certain  
64 faith based health care sharing ministries that have been in continuous operation since  
65 December 31, 1999, to provide coverage for certain health care expenses should not be subject  
66 to regulation under the Insurance Code (H.B. 431).

67 17. Interior Design Certification - to study optional interior design certification for  
68 expanded practice (2nd Sub. H.B. 126).

69 18. Interior Design Certification Amendments - to study whether to create a state  
70 certification for the practice of interior design and the requirements for obtaining the  
71 certification (S.B. 298).

72 19. Licensing Fee Delay - to study a six-month delay in paying a licensing fee (H.B.  
73 450).

74 20. Liquor Licenses - to study non-profit liquor licensing (H.B. 241).

75 21. Minimum Wage - to study the impact of increases in the minimum wage.

76 22. Mortgages - to study issues related to mortgage financing.

77 23. Nurse Education Oversight - to study the regulation of nurse education programs  
78 by the Division of Occupational and Professional Licensing.

79 24. Subdivision Base Parcels - to study delinquent taxes on subdivision base parcels.

80 25. Subdivision Bonding - to study subdivision bonding and security.

81 26. Time-Based Requirements in Occupational Licensing - to study ways to facilitate  
82 applications for people who are otherwise qualified except for the completion of a time-based  
83 requirement (1st Sub. H.B. 235).

84 27. Arts Integration - to study the importance of arts integration in the core curriculum.

85 28. Auditing Function in Education and STEM Contracts with Third Party Providers -  
86 to study whether to require the State Board of Education and the Science, Technology,  
87 Engineering, and Math (STEM) Action Center to include a provision in contracts with a third  
88 party provider that would require an independent, external evaluator to perform annual  
89 performance and financial audits of a third party provider's services pursuant to the contract.

- 90           29. Career Technology Education - to study and review issues related to career  
91 technology education.
- 92           30. Charter School Funding - to study charter school local replacement funding.
- 93           31. Class Size - to study issues related to the class size reduction formula.
- 94           32. Dual Language Immersion - to study and review Utah Code Section 53A-15-105,  
95 Dual Language Immersion Program -- Pilot.
- 96           33. Early Reading and Literacy - to study early reading and literacy assessment in Utah  
97 Schools.
- 98           34. Education Budgeting - to study the education budgeting process.
- 99           35. Education Funding Formulas - to study how to simplify the complicated public  
100 education funding formulas.
- 101           36. Education Training Program Oversight - to study and clarify whether the State  
102 Board of Education can regulate, accredit, or approve teacher training programs in public and  
103 private universities (H.B. 257).
- 104           37. Ethics Training - to study ethics training for public school employees and  
105 volunteers.
- 106           38. Excessive Standardized Testing - to study excessive standardized testing and its  
107 negative impacts on Utah's schoolchildren (H.C.R. 7).
- 108           39. Higher Education Building Operation and Maintenance - to study state paid  
109 operation and maintenance on higher education buildings and the formula for determining  
110 operation and maintenance.
- 111           40. Local School District Block Grants - to study whether to authorize the State Board  
112 of Education to develop a block grant program for local education agencies (LEAs) (H.B. 397).
- 113           41. Math Instruction and Competency - to study math instruction and math  
114 competency in public education.
- 115           42. Procurement Code and Charter Schools - to study the Utah Procurement Code as it  
116 relates to charter schools to verify whether the code is being followed.
- 117           43. Property Purchase by Utah State University - to study Utah State University's  
118 purchase of property in Huntsville as a working research and education facility.
- 119           44. Roles of the Legislature and the State Board of Education - to study and clarify the  
120 proper role of the Legislature and the State Board of Education under the Utah Constitution

121 (H.B. 263).

122 45. State School Board Accommodations - to study how to extend greater courtesy to  
123 the State School Board, including increasing pay, granting parking spaces at the capitol,  
124 granting office and meeting space, and integrating into appropriate legislative meetings.

125 46. State School Board Nominee Vetting Process - to study how to vet state school  
126 board nominees without having partisan elections (H.B. 186 and S.B. 104).

127 47. Student-Counselor Ratio - to study problems caused by the current  
128 student-counselor ratio and ways to improve counseling in public schools.

129 48. Voted and Board Levies - to study the equalization of voted and board levies for  
130 public education.

131 49. Affordable Housing and Transit - to study transit-oriented and transit-supportive  
132 developments.

133 50. Economic Development Tax Incentives - to study and review economic  
134 development tax incentives and follow up on the implementation of previous audit  
135 recommendations.

136 51. General Assistance Reimbursements - to study whether to establish that  
137 reimbursements to the Department of Workforce Services for General Assistance paid to a  
138 recipient while the recipient is awaiting the determination of federal Supplemental Security  
139 Income may be used by the department for the General Assistance program (2nd Sub. S.B. 42).

140 52. Intergenerational Poverty - to study and review with the Department of Workforce  
141 Services the progress being made and the next steps to help reduce poverty.

142 53. State Fair Lease - to study the Utah State Fair lease, including how it is structured  
143 and ways to improve longevity.

144 54. Volunteer Registry - to study the creation of a volunteer registry that will provide a  
145 central point for organizations to determine whether an individual who wants to volunteer has  
146 had a background check (S.B. 209).

147 55. Workforce Services Recodification - to study the recodification of additional  
148 sections of the Utah Workforce Services Code.

149 56. Campaign Disclosure - to study issues related to campaign disclosure, including  
150 deadlines and penalties.

151 57. Campaign Disclosure Process - to study issues related to the campaign disclosure

152 process.

153 58. Campaign Finance Revisions - to study and review ways to simplify campaign  
154 finance requirements while ensuring transparency.

155 59. Citizens Customer Satisfaction Program - to study the creation of a Citizens  
156 Customer Satisfaction Program within the Office of the Utah State Auditor (H.B. 387).

157 60. Conflict of Interest - to study elections conflict of interest disclosure  
158 modifications.

159 61. Daylight Saving Time - to study whether to modify Utah's observance of daylight  
160 saving time (H.B. 247).

161 62. Disclosure Laws - to study campaign contribution disclosure laws.

162 63. Election Technical Cleanup - to study areas of the Utah Code that should be  
163 modified for consistency with other code sections.

164 64. Grounds for Removal from Office - to study how to remove elected officials from  
165 office due to health or mental illness issues.

166 65. In-Kind Contributions - to study what constitutes an in-kind contribution and  
167 under what circumstances an in-kind contribution needs to be reported.

168 66. Low Voter Participation - to study past and present voter participation trends in  
169 Utah and other states, what administrative or other barriers may inhibit voter participation in  
170 Utah, what other states are doing to increase voter participation, and other issues. The study  
171 should include an analysis of past studies that have been performed on this topic (H.B. 200).

172 67. Monitoring Impact of Federal Rules and Regulations - to study the process and  
173 cost to monitor and address the impact of all federal rules and regulations on the state of Utah,  
174 its political subdivisions, and its citizens.

175 68. Releasing Election Results - to study whether election officials should be required,  
176 or allowed, to give updated election results after election night but before the official canvass.

177 69. State Auditor Records Appeal - to study whether to allow the state auditor to make  
178 an appeal to the State Records Committee for release of agency records in certain  
179 circumstances (H.B. 338).

180 70. Continuous Care Facilities - to study appropriate regulation of continuous care  
181 facilities.

182 71. Coverage for Eosinophilic Disorders - to study whether to require health insurance

183 coverage for the use of an amino acid-based elemental formula, regardless of the delivery  
184 method of the formula, for the diagnosis or treatment of an eosinophilic gastrointestinal  
185 disorder (H.B. 230).

186 72. Homecare Cottage - to study the homecare cottage concept as a long-term portable  
187 care option for senior citizens.

188 73. Medicaid Accessibility - to study solutions to Medicaid accessibility.

189 74. Medicaid Preferred Drug List Expansion - to study whether to authorize the  
190 Department of Health to include all psychotropic and anti-psychotic drugs on the Medicaid  
191 program's preferred drug list (H.B. 156).

192 75. Midwifery Consent Forms - to study whether to require informed consent forms  
193 from unlicensed and licensed midwives.

194 76. Nurse Hotline - to study issues related to a nurse hotline.

195 77. Prescription Notification - to study whether to require a pharmacist to notify the  
196 prescriber when a biological product is dispensed if an interchangeable biological product is  
197 available and to establish the methods of notifying a prescriber (2nd Sub. H.B. 279).

198 78. Radon - to study radon education.

199 79. State Office of Rehabilitation Services - to study whether the Utah State Office of  
200 Rehabilitation within the State Board of Education should be moved to a different department  
201 or made a separate entity.

202 80. Telehealth/Telemedicine - to study telehealth and telemedicine, in conjunction  
203 with direct primary care, to expand affordable coverage options.

204 81. Unused Drug Recycling - to study the feasibility of recycling unused drugs.

205 82. Administrative Action Expungement - to study the classification and expungement  
206 of records under certain circumstances (H.B. 109).

207 83. Adult Guardianship - to study guardianship of incapacitated adults.

208 84. Alimony - to study issues related to guidelines for alimony.

209 85. Asset Forfeiture - to study issues related to civil forfeiture procedures (H.B. 167).

210 86. Capital Punishment - to study issues related to the death penalty.

211 87. Child Support Regarding Rape Offenders - to study whether to require offenders  
212 convicted of sexual assault to pay child support if a child results from the assault and the  
213 nonconvicted parent requests an order from the court or requests assistance from the Office of

214 Recovery Services (H.B. 389).

215 88. Death Penalty - to study and comprehensively review the death penalty and the  
216 methods of execution.

217 89. Death with Dignity Act - to study the possibility of permitting physician aid in  
218 dying for adult Utah residents (H.B. 391).

219 90. Disabled Adult Guardianship - to study issues related to guardianship of disabled  
220 adults (H.B. 448).

221 91. Dismissal of Protective Order - to study and review potential changes to Utah  
222 Code Section 78B-7-115, Dismissal of protective order.

223 92. Divorces - to study criminal default divorces.

224 93. Domestic Violence - to study domestic violence, including how many incidents in  
225 the court system involve protective orders, child custody situations, or divorce.

226 94. False Information in Protective Orders - to study knowing falsification of  
227 information in a petition or proceeding for a protective order or a child protective order.

228 95. Graves v. N.E. Servs., Inc. - to study issues related to Graves v. N.E. Servs., Inc.

229 96. In re Estate of Hannifin - to study issues related to In re Estate of Hannifin.

230 97. Ivory Homes, Ltd. v. Utah State Tax Commission - to study issues related to Ivory  
231 Homes, Ltd. v. Utah State Tax Commission.

232 98. McArthur v. State Farm Mut. Auto. Ins. Co. - to study issues related to McArthur  
233 v. State Farm Mut. Auto. Ins. Co.

234 99. Medical Liability - to study whether a health care provider should only be  
235 responsible to the spouse, parent, or child of a patient for providing or failing to provide health  
236 care (H.B. 405).

237 100. Medical Marijuana - to study how Utah should proceed with the issue of medical  
238 marijuana.

239 101. Requirements for Judges - to study whether administrative law judges and justice  
240 court judges should be required to be attorneys.

241 102. State v. Graham - to study issues related to McArthur v. State Farm Mut. Auto.  
242 Ins. Co.

243 103. State v. McNearney - to study issues related to State v. McNearney.

244 104. State v. Roberts - to study issues related to State v. Roberts.

- 245 105. Van de Grift v. State - to study issues related to Van de Grift v. State.
- 246 106. Body Cameras - to study body cameras for peace officers.
- 247 107. Child Trafficking - to study issues related to child trafficking.
- 248 108. Constable Certification - to study the certification process of former law  
249 enforcement officers as constables, including basic training, recertification, and continuing  
250 education.
- 251 109. Driver Education, Training, and Testing - to study driver education completion  
252 requirements and whether to repeal a restriction preventing certain instructors from  
253 administering a driver skills test to a student who took the course from the same school or the  
254 same instructor (H.B. 359).
- 255 110. Human Trafficking - to study what law enforcement is currently doing, what new  
256 resources and statutory authority is needed, and how community organizations may assist.
- 257 111. Incarceration Costs - to study restitution for the costs of incarceration (H.B. 453).
- 258 112. Law Enforcement Use of Force - to study issues related to law enforcement use  
259 of force (S.B. 252).
- 260 113. Mental Health and Substance Abuse Funding - to study the costs and funding of  
261 community mental health and substance abuse treatment programs for inmates released from  
262 jail and prison under criminal justice reform.
- 263 114. Protection for Peace Officers - to study bulletproof windshields for peace  
264 officers.
- 265 115. Safety Inspection Repeal - to study the repeal of safety inspections on motor  
266 vehicles as a prerequisite to vehicle registration.
- 267 116. Sex Offender Treatment Approaches - to study changes in sentencing for sex  
268 offenders based on risk assessment and engagement in treatment programs.
- 269 117. Treatment Options for Sex Offenders - to study treatment options in jails,  
270 prisons, and community settings for sex offenders based on screening and risk assessments.
- 271 118. Air Quality - to study ways to improve Utah's air quality.
- 272 119. Air Quality Amendments - to study a five-year statute of limitations for violating  
273 the Environmental Quality Code. The study should also consider increasing civil penalties in  
274 the Air Conservation Act (S.B. 208, as amended).
- 275 120. Bear Lake - to study issues relating to Bear Lake, including additional boating,

- 276 fishing, and camping development.
- 277           121. Beekeeping - to study potential changes to the Utah Bee Inspection Act (H.B.  
278 224).
- 279           122. Emissions Testing - to study whether to assign color-coded stickers to counties  
280 having vehicle emissions testing to help determine whether vehicles are registered in counties  
281 that do not have emissions testing, yet reside in counties where emissions testing is required.
- 282           123. Farm Animals - to study the identification of estray farm animals.
- 283           124. Natural Resources Criminal Code - to study whether the Department of Natural  
284 Resources and Division of Wildlife Resources criminal codes should be reduced.
- 285           125. Oil Production - to study and review incentives for oil production
- 286           126. Public Lands Management - to study a possible Utah Public Land Policy  
287 Management Act.
- 288           127. Raw and Pasteurized Milk Sales - to study whether to allow a producer who sells  
289 raw milk at a self-owned retail store to also offer pasteurized milk for sale at the same location  
290 (H.B. 64).
- 291           128. River Management - to study various Colorado River management strategies.
- 292           129. Tire Fees - to study the merits of increasing the fee on purchasing new tires (H.B.  
293 265).
- 294           130. Transferring Water Shares in a Mutual Benefit Corporation - to study whether to  
295 modify the Utah Revised Nonprofit Corporation Act to allow for the transfer of water shares in  
296 a mutual benefit corporation (H.B. 161).
- 297           131. Wildfire Mitigation - to study how to make property in the wildland urban  
298 interface more fire resistant.
- 299           132. Insurance for Lateral Sewer Lines - to study whether local government and sewer  
300 districts provide insurance to homeowners for lateral sewer lines.
- 301           133. Land Information Records - to study the way county assessors collect and hold  
302 data and its potential uses. The study should include how records might be organized and  
303 delivered to improve economic development opportunities, public safety, and aid in the  
304 efficient provision of government services while still protecting personal information.
- 305           134. Local Government Development Rights Transfer - to study whether to allow a  
306 municipality and county to enter into an agreement to allow the transfer of development rights

307 between their respective jurisdictions (H.B. 287).

308 135. Manager-Council Form of Government - to study the manager-council form of  
309 government, with the primary focus on the role of the manager in representing the city and the  
310 city council in external relationships, both in industry and government.

311 136. Municipal and County Inspection Enforcement - to study municipal and county  
312 enforcement of ordinances regarding abatement of weeds, garbage, refuse, unsightly objects,  
313 and other conditions deemed to be a public nuisance.

314 137. Municipal Office Name Changes - to study whether to allow a municipal council,  
315 in a council-manager form of government, to change the title of mayor or manager (H.B. 267).

316 138. Electrical Grid - to study what Utah has done to protect its electrical grid and  
317 examine the work that has been done in other states to see if any of these approaches should be  
318 implemented in Utah.

319 139. Energy Issues Related to Large Electric and Natural Gas Consumers - to study  
320 municipal energy sales and use tax revisions to address large electric and natural gas  
321 consumers.

322 140. Financing Utilities and Infrastructure - to study alternative financing for utility  
323 development and infrastructure in ski areas.

324 141. Geographic Systems and Technologies - to study geographic information systems  
325 and digital mapping technology.

326 142. Impact of Regulations on Power Companies - to study the impact of  
327 Environmental Protection Agency regulations on regulated power companies in Utah.

328 143. Independent Energy Producers - to study issues related to independent energy  
329 producers (H.B. 457).

330 144. Information Technology Service Delivery - to study information technology  
331 services and delivery to state agencies.

332 145. Oversight of Broadband Expansion - to study the expansion of a broadband  
333 "super highway" and the need or advisability of Public Service Commission-like controls and  
334 oversight.

335 146. Transmission Line Regulation - to study and continue to review interstate  
336 electrical transmission line regulation.

337 147. Utility Conservation - to study incentives that can be provided to utility

- 338 companies to encourage conservation by their customers.
- 339           148. Centrally Assessed Taxes - to study issues related to centrally assessed taxes.
- 340           149. Constitutional Change Impacting Golf Course Taxation - to study whether to
- 341 change the Utah Constitution to allow non-retail areas of golf courses to be taxed as green belt.
- 342           150. Corporate Income Taxes - to study the economic benefits of a corporate income
- 343 tax cut.
- 344           151. E-Cigarettes - to study taxes on e-cigarettes.
- 345           152. Education Tax Credit - to study how to set up an education fund where the
- 346 donations can be credited toward the state income tax owed, resulting in the decrease of the
- 347 donor's taxable income and reducing minimum taxes charged by the federal government (H.B.
- 348 153).
- 349           153. Education Tax Credits - to study issues related to education tax credits.
- 350           154. Golf Courses - to study golf course tax exemptions.
- 351           155. Historic Preservation Credit - to study whether to grant a historic preservation tax
- 352 credit exemption.
- 353           156. Income Tax - to study issues related to income taxes.
- 354           157. Income Tax Exemptions - to study and review all income tax exemptions.
- 355           158. Inheritance Tax - to study the effect of imposing a state inheritance tax.
- 356           159. Local Option Sales Tax Distribution - to study whether to adjust the local option
- 357 sales tax distribution to 100% point of delivery of sale.
- 358           160. Non-Game Users - to study and examine options for an income tax check off for
- 359 non-game users.
- 360           161. Payment Method for Water - to study whether to move Utah's payment for water
- 361 from a property tax to a user fee.
- 362           162. Property Tax - to study issues related to property taxes.
- 363           163. Property Tax Cap Changes - to study the effect of changes to current caps on
- 364 property taxes for education funding.
- 365           164. Property Tax Exemptions - to study and review all property tax exemptions.
- 366           165. Property Taxes and Water Rates - to study whether to lower property taxes and
- 367 replace the taxes with water fee increases.
- 368           166. Public Debt Assessment - to study whether to assess the amount of public debt

369 under Utah Constitution, Article XIV, Section 4.

370 167. Sales Tax - to study issues related to sales taxes.

371 168. Sales Tax Exemptions - to study and review all sales tax exemptions.

372 169. Sales Tax on Business Inputs - to study issues related to the sales tax on business  
373 inputs.
